The foregoing items of business are more fully described in the proxy statement accompanying this notice of the Annual Meeting.

We have established 6:00 p.m., Pacific Time on August 20, 2026 as the record date for determining those shareholders entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof. Each shareholder may appoint only one proxy holder or representative to attend the meeting on their behalf.

Our Board unanimously recommends that you vote ***FOR*** each of the proposals included in the proxy as set out below:

The record date for the Annual Meeting has been set as 6:00 p.m. Pacific Time on August 20, 2026 (the "Record Date"). Only shareholders of record as of such date will be entitled to notice of and to vote at the meeting. On the Record Date, there were 187,934,666 ordinary shares, par value $0.00005 per share (each, an "ordinary share" or "share"), issued and outstanding. In accordance with our Articles, each ordinary share is entitled to one vote on each of the proposals to be voted on at the meeting. Shares held as of the Record Date include ordinary shares that are held directly in your name as the shareholder of record and those shares held for you as a beneficial owner through a broker, bank or other nominee.

In this proxy statement, we refer to the fiscal year ending April 27, 2024 as fiscal 2024, the fiscal year ending May 3, 2025 as fiscal 2025, and the fiscal year ending May 2, 2026 as fiscal 2026.

As used in this proxy statement, references to "Company," "we," "us" and "our" refer to Credo Technology Group Holding Ltd.

QUESTIONS AND ANSWERS ABOUT OUR ANNUAL MEETING

Q: Why am I receiving these proxy materials?

A: We have made these materials available to you on the Internet or, upon your request, have delivered printed versions of these materials to you by mail, in connection with our solicitation of proxies for use at the Annual Meeting to be held at 1:00 p.m. Pacific Time on Monday, October 12, 2026. These materials were first sent or given to shareholders on or about September 2 , 2026. You are invited to attend the Annual Meeting and are asked to vote on the proposals described in this proxy statement.

Q: What is included in these proxy materials?

A: These proxy materials include:

- The notice of the Annual Meeting;
- Our proxy statement for the Annual Meeting; and
- Our 2026 Annual Report, which includes our Annual Report on Form 10-K for the fiscal year ended May 2, 2026, as filed with the U.S. Securities and Exchange Commission (the "SEC") on June 15, 2026.

If you requested printed versions of these materials by mail, these materials also include the proxy card or voting instruction form for the Annual Meeting.

Q: What proposals will be considered at the meeting?

A: The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying notice of the Annual Meeting and include:

1. To elect the three (3) Class II director nominees to hold office until the earlier of the 2029 Annual Meeting or their resignation or removal;
2. To approve, on a non-binding advisory basis the compensation of our named executive officers; and
3. To ratify the selection of Ernst & Young LLP ("Ernst & Young") as our independent registered public accounting firm for our fiscal year ending May 1, 2027.

If any other matters properly come before the meeting or any adjournment or postponement thereof, the persons named in the proxy card will vote in their discretion the shares represented by all properly executed proxies.

Q: How does our Board recommend that I vote on the proposals?

A: At the Annual Meeting, our Board unanimously recommends our shareholders vote:

1. **FOR** the election of the three (3) Class II director nominees listed in Proposal No. 1 (see Proposal No. 1);
2. **FOR** the approval, on a non-binding advisory basis, of the compensation of our named executive officers (see Proposal No. 2); and
3. **FOR** the ratification of the selection of Ernst & Young as our independent registered public accounting firm for our fiscal year ending May 1, 2027 (see Proposal No. 3).

Q: Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a paper copy of the proxy materials? How may I obtain a paper copy of the proxy materials?

A: The SEC has adopted rules to allow companies to post proxy materials on the Internet and provide only a Notice of Internet Availability of Proxy Materials to shareholders. We have elected to provide access to our proxy materials primarily over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice") to all of our shareholders of record. If your shares are held in "street name," your bank or brokerage firm will provide the Notice. All shareholders receiving the Notice will have the ability to access the proxy materials over the Internet and request a paper copy of the proxy materials by mail. Instructions on how to access the proxy

materials over the Internet or to request a paper copy may be found in the Notice. In addition, the Notice contains instructions on how you may request access to proxy materials in printed form by mail or electronically on an ongoing basis. The Notice also instructs you how to submit your proxy electronically over the Internet or by mail.

Q: How can I get electronic access to the proxy materials?

A: The Notice will provide you with instructions regarding how to:

- View the proxy materials for the Annual Meeting on the Internet, and
- Instruct us to send future proxy materials to you by email.

Our proxy materials are also available on the Investor Relations section of our website at https://investors.credosemi.com. None of the materials on or accessible through our website other than the proxy materials are part of this proxy statement or incorporated by reference herein.

Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual general meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

Q: Who can vote?

A: The Record Date for the Annual Meeting has been set as 6:00 p.m. Pacific Time on August 20, 2026. Only shareholders of record as of such date will be entitled to notice of and to vote at the meeting. On the Record Date, there were 187,934,666 ordinary shares issued and outstanding. Each ordinary share is entitled to one vote on each director nominee and on each of the other proposals to be voted on at the meeting. Shares held as of the Record Date include shares that are held directly in your name as the shareholder of record and those shares held for you as a beneficial owner through a broker, bank or other nominee.

Q: What should I do now to vote?

A: You may vote your shares either by voting online or in person at the meeting or by submitting a completed proxy via the Internet, telephone or mail before the meeting. After carefully reading and considering the information contained in this proxy statement, please follow the instructions as summarized below, depending on whether you hold shares directly in your name as shareholder of record or you are the beneficial owner of shares held through a broker, bank or other nominee. Most of our shareholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between the procedures for voting shares held of record and those owned beneficially.

Q: If my shares are held in "street name" by my broker, bank or other nominee, how do I vote my shares?

A: If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares held in "street name," and the Notice will, subject to the terms made between you and the shareholder of record, be forwarded to you by your bank, broker or other nominee who is considered, with

respect to those shares, the shareholder of record. Your bank, broker or other nominee, as the record holder of your shares, is required to vote your shares according to your instructions. To vote your shares, you will need to follow the directions your bank, broker or other nominee provides you. Many banks and brokerage firms also offer the option of submitting voting instructions over the Internet or by telephone, instructions for which would be provided by your bank or brokerage firm on a voting instruction form.

If your shares are held in "street name," your voting instruction form that you receive from your bank, broker or other nominee provides a link where you may vote those shares. Otherwise, you should contact your bank, broker or other nominee (preferably at least five days before the Annual Meeting) and obtain a "legal proxy" in order to be able to attend, participate in or vote at the Annual Meeting.

Q: If I am a shareholder of record, how do I vote my shares?

A: If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A. (our "Transfer Agent" or "Computershare"), you are considered the shareholder of record with respect to those shares, and the Notice was sent directly to you.

There are four ways to vote:

During the Annual Meeting

- *Virtually.* You may attend the Annual Meeting virtually and vote using the virtual meeting platform.

In advance of the Annual Meeting

- *By Telephone*. You may submit your proxy by calling the toll-free number provided in the proxy card (which must be submitted by the deadline in the proxy card).
- *Via the Internet*. You may submit your proxy via the Internet by following the instructions provided in the Notice (which must be submitted by the deadline in the Notice).
- *By Mail*. If you request printed copies of the proxy materials by mail, you may submit your proxy by filling out the proxy card and sending it back in the envelope provided (which must be received before votes are cast at the Annual Meeting).

Please be aware that if you issue a proxy or give voting instructions by telephone or via the Internet, you may incur costs such as telephone or Internet access charges for which you will be responsible.

Q: What happens if I do not cast a vote?

A: Many of our shareholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Beneficial owners — If you hold your shares in "street name," it is critical that you instruct your broker, bank or other nominee to cast your votes if you want them to count in the election of three Class II directors (Proposal No. 1) and the advisory vote on the compensation of the named executive officers (Proposal No. 2). The term "broker non-vote" refers to shares held by a broker or other nominee (for the benefit of its client) that are

represented at the meeting but with respect to which such broker, bank or nominee is not instructed to vote on a particular proposal and does not have discretionary authority to vote on that proposal. Brokers, banks and nominees do not have discretionary voting authority on non-routine matters (including Proposals Nos. 1 and 2) and accordingly may not vote on such matters absent instructions from you as the beneficial holder. Thus, if you hold your shares in "street name," and you do not instruct your broker, bank or other nominee on how to vote in the election of three Class II directors (Proposal No. 1) and the advisory vote on the compensation of our named executive officers (Proposal No. 2), no votes will be cast on your behalf on such matters.

The proposal at the Annual Meeting to ratify the appointment of Ernst & Young as our independent registered public accounting firm for our fiscal year ending May 1, 2027 (Proposal No. 3) is considered a routine matter for which brokerage firms may vote uninstructed shares. It is important to us that you affirmatively instruct your bank, broker or other nominee how to vote on all matters, but particularly for the matters in Proposals Nos. 1 and 2 since they are expected to be non-routine matters as described above.

Shareholders of record — If you are a shareholder of record and you do not cast your vote or submit a proxy, no votes will be cast on your behalf on any of the items of business at the Annual Meeting. However, if you sign and return the proxy card with no further instructions, the proxy holders will vote your shares in the manner recommended by our Board on all matters presented in this proxy statement and, as the proxy holders, may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting. A shareholder may also abstain from voting on any proposal. An "abstention" occurs when a shareholder sends in a proxy with explicit instructions to decline to vote regarding a particular matter. Pursuant to our Articles, abstentions have no effect on the outcome of the Proposals.

Q: How are votes counted?

A: Each share held by a shareholder as of the Record Date is entitled to one vote. There is no cumulative voting in the election of directors. All votes will be tabulated by the inspector of elections appointed for the meeting, who will count the votes, determine the existence of a quorum and the validity of proxies and ballots, and certify the results of the voting.

Q: How can I change or revoke my proxy after I have submitted it?

A: If you are a shareholder of record, you may change or revoke your proxy at any time before it is voted at the Annual Meeting by (1) Internet or telephone (only your latest Internet or telephone proxy submitted prior to the Annual Meeting will be counted), or by (2) signing and returning a new proxy card with a later date. Shareholders of record may also change or revoke their proxies by attending the Annual Meeting virtually and voting using the virtual platform.

If you are a beneficial owner and submitted voting instructions to your broker, bank or other nominee, please refer to the instructions provided by your broker, bank or other nominee on how to change your vote.

Q: What if other matters come up at the meeting?

A: The matters described in this proxy statement are the only matters that we know of that will be voted on at the meeting. If any other matters properly come before the Annual Meeting or any adjournment or postponement thereof, the persons named in the proxy card will vote the shares represented by all properly executed proxies in their discretion.

Q: Can I attend the Annual Meeting?

A: The Annual Meeting will be held virtually via live audio-only webcast. We have structured the Annual Meeting to provide substantially the same rights that shareholders would have at an in-person meeting. If you are a shareholder of record or a beneficial owner who has properly registered to attend the Annual Meeting pursuant to the instructions under "Q: How do I register to attend the Annual Meeting virtually?", you will be able to vote your Credo ordinary shares electronically via the Internet and submit questions online during the meeting by logging in to http://www.meetnow.global/MSZGPGJ using the unique control number included on your proxy card or voting instruction form.

You may attend the Annual Meeting in person at 110 Rio Robles, San Jose, California 95134. If you choose to attend the meeting in person, please arrive at least a half hour prior to the start of the Annual Meeting. Please be prepared to show government identification upon arrival. A company employee will meet you in the front lobby and ask you to check in.

You are entitled to participate in the Annual Meeting only if you were a shareholder at 6:00 p.m. Pacific Time on the Record Date.

Q: How do I register to attend the Annual Meeting virtually?

A: If you are a registered shareholder (i.e., you hold your shares through our Transfer Agent), you do not need to register to attend the Annual Meeting virtually on the Internet. Please follow the instructions on the Notice or proxy card that you received.

If you hold your shares through an intermediary, such as a bank or broker or other nominee, you must register in advance to attend the Annual Meeting virtually on the Internet or in person by submitting proof of your proxy power ("legal proxy") reflecting your Company holdings along with your name and email address to Computershare. Requests for registration must be labeled as "Legal Proxy" and be received no later than 5:00 p.m., Eastern Time, on October 7, 2026 (three business days in advance of the meeting). You will receive a confirmation of your registration by email after we receive your registration materials.

Requests for registration should be directed to us at the following:

Q: How can I submit a question at the Annual Meeting?

A: If you wish to submit a question during the Annual Meeting, you may visit http://www.meetnow.global/MSZGPGJ and enter your question(s). We will answer questions and address comments relevant to meeting matters that comply with the meeting rules of conduct during the Annual Meeting, subject to time constraints. We will summarize multiple questions submitted on the same topic. We will try to respond to all appropriate questions during the meeting, as time permits.

If there are matters of individual concern to a shareholder and not of general concern to all shareholders, or if a question posed was not otherwise answered, we provide an opportunity for shareholders to contact us separately after the Annual Meeting through the Investor Relations section of the Company's website at https://investors.credosemi.com.

Q: What if I have technical difficulties or trouble accessing the virtual Annual Meeting?

A: The virtual meeting platform is fully supported across browsers (MS Edge, Firefox, Chrome and Safari) and devices (desktops, laptops, tablets and cell phones) running the most up-to-date version of applicable software and plugins.

Note: Internet Explorer is not a supported browser. Participants should ensure that they have a strong WiFi connection wherever they intend to participate in the meeting. We encourage you to access the meeting prior to the start time. For further assistance should you need it you may call 1-888-724-2416.

Q: What quorum is required for action at the meeting?

A: The presence of a majority of the voting power of the ordinary shares outstanding and entitled to vote at the meeting, present or represented by proxy, shall constitute a quorum for the transaction of business. Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business. In the event there are not sufficient shares present for a quorum at the time of the Annual Meeting, the meeting will stand adjourned as may be determined by our Board in accordance with the Articles to permit the further solicitation of proxies.

Q: What vote is required to approve each proposal?

A: Each of Proposals Nos. 1, 2 and 3 requires the approval of an ordinary resolution, being the affirmative vote of the holders of a majority of the ordinary shares who, being present and entitled to vote at the Annual Meeting, vote at the Annual Meeting. Abstentions and broker non-votes will be entirely excluded from each of the votes and will have no effect on the outcome of the proposals.

Q: What does it mean if I receive more than one Notice or email about the Internet availability of the proxy materials or more than one paper copy of the proxy materials?

A: If you receive more than one Notice, more than one email or more than one paper copy of the proxy materials, it means that you have shares held in multiple accounts with your brokers or the Transfer Agent. ***Please vote all of these shares.*** For all of your shares to be voted by proxy, you must complete, sign, date and return each proxy card and voting instruction card that you receive and do so for all shares represented by each Notice and email that you receive (unless you have requested and received a proxy card or voting instruction card for the shares represented by

one or more of those notices or emails). We encourage you to have all your shares registered in the same name and address. You may do this by contacting your broker or the Transfer Agent.

Q: What is the contact information for our Transfer Agent?

A: Contact information for our Transfer Agent is as follows:

Q: Who is making and paying for this proxy solicitation?

We will also reimburse brokers, banks and other nominees for their reasonable out-of-pocket expenses for forwarding proxy materials to beneficial owners of shares or other persons for whom they hold shares. We have retained Georgeson LLC to assist us in the solicitation of proxies, and we have agreed to pay them a fee of approximately $13,000, plus reasonable expenses, for these services. In addition, to the extent necessary to ensure sufficient representation at the meeting, we may solicit the return of proxies by personal interview, mail, telephone, facsimile, Internet or other means of electronic transmission. The extent to which this will be necessary depends upon how promptly proxies are returned. We urge you to send in your proxy without delay.

Q: How can I find out the results of the voting at the Annual Meeting?

A: We plan to announce preliminary voting results at the meeting. Final voting results will be published in a Current Report on Form 8-K filed with the SEC within four business days of the meeting. PROPOSAL NO. 1
ELECTION OF THREE CLASS II DIRECTORS

Class II Director Nominees (Term Expiring in 2029)

Our Articles provide that our Board shall consist of such number of directors as fixed by the directors from time to time unless increased or decreased from time to time by the directors or the Company in general meeting. Our Board is currently comprised of nine directors, who are divided into three staggered classes, designated as Class I, Class II and Class III. At each annual general meeting of shareholders, a class of directors will be elected for a three-year term to succeed the class of directors whose terms are then expiring. Class I directors consist of William (Bill) Brennan, Chi Fung (Lawrence) Cheng and Yat Tung (Job) Lam; Class II directors consist of Sylvia Acevedo, Fariba Danesh and Pantas Sutardja; and Class III directors consist of Clyde Hosein, Brian Kelleher and Manpreet Khaira.

After discussing with each director their interest in continuing to serve as directors of the Company, the Nominating and Corporate Governance Committee of our Board (the "NCG Committee") has recommended, and our Board has nominated, Sylvia Acevedo, Fariba Danesh and Pantas Sutardja for election as Class II directors at the Annual Meeting to serve for three-year terms expiring at our 2029 Annual Meeting or until their earlier death, resignation or removal. All of our Class II director nominees are currently directors. In the event that any new nominees are appointed as Class II directors after this Annual Meeting, they will be required to stand for election at our 2029 Annual Meeting and every third annual general meeting thereafter, if nominated to do so.

Biographical information for each of the Class II director nominees may be found immediately following this proposal. We have been advised that each of our Class II director nominees is willing to be named as such herein, and each of the Class II director nominees is willing to serve as a director if elected. However, if one or more of the Class II director nominees should be unable or, for good cause, unwilling to serve as a director, the proxy holders may vote for a substitute nominee recommended by the NCG Committee and approved by our Board or the Board may reduce its size.

Board Recommendation and Required Vote

Our Board unanimously recommends that you vote **FOR** each Class II director nominee identified below.

Unless authority to do so is withheld, the proxy holders named in the proxy card will vote the shares represented thereby **FOR** the election of each such nominee. Assuming the presence of a quorum, our Articles require that, in an uncontested election (such as the Annual Meeting), a director nominee will be elected only if such director nominee receives the approval of an ordinary resolution, which requires the affirmative vote of the holders of a majority of the ordinary shares who, being present and entitled to vote at the Annual Meeting, vote at the Annual Meeting with respect to their election (that is, the number of votes cast "for" that nominee exceeds the number of votes withheld from that nominee) at the Annual Meeting. Abstentions and broker non-votes will have no effect on the outcome.

CORPORATE GOVERNANCE AND MATTERS RELATED TO OUR BOARD OF DIRECTORS

This section describes key corporate governance guidelines and practices that we have adopted. Complete copies of our Corporate Governance Guidelines, the charters of the committees of the Board and our Code of Business Conduct and Ethics, each described below, can be found in the Governance section of the Investor Relations section of our website at investors.credosemi.com. Alternatively, you can request a copy of any of these documents free of charge by writing to the Chief Legal Officer, c/o Credo Semiconductor Inc., 110 Rio Robles, San Jose, California 95134. Information on or accessible through our website is not incorporated by reference in this proxy statement.

Director Independence

The majority of our Board is "independent" as such term is defined by the rules and regulations of Nasdaq and the Securities and Exchange Commission (the "SEC"). Our current Board consists of nine directors, three of whom are currently employed by the Company (Messrs. Brennan, Cheng and Lam). The Board has determined that, among the non-employee directors, Mses. Acevedo and Danesh and Messrs. Hosein, Kelleher, Khaira and Sutardja are independent. For a director to be considered independent, our Board must affirmatively determine that neither the director nor any member of their immediate family has had any direct or indirect material relationship with the Company within the previous three years. In evaluating the independence of our non-employee directors the Board considered certain transactions, relationships and arrangements between the Company and various third parties with which certain of our independent directors are affiliated, and determined that such transactions, relationships and arrangements were not material and did not interfere with such directors' exercise of independent judgment in carrying out their responsibilities as directors. There are no family relationships between any director and any of our executive officers.

Board Leadership Structure

Our Board is currently chaired by Mr. Brennan, our Chief Executive Officer, and Ms. Acevedo currently serves as lead independent director. Our Corporate Governance Guidelines do not require the Board to separate the roles of Chief Executive Officer and Chair of the Board. We believe that combining the positions of Chief Executive Officer and Chair of the Board helps to ensure that the Board and management act with a common purpose. We also believe that having a combined Chief Executive Officer and Chair of the Board enhances agility and preserves alignment with the interests of our shareholders.

The Board appointed a lead independent director to help ensure effective independent functioning of the Board in its oversight responsibilities. The position of lead independent director has been structured to serve the need for independent leadership and perspective when we have a combined Chief Executive Officer/Chair of the Board. The lead independent director is empowered to, among other duties and responsibilities, preside over Board meetings in the absence of the Chair of the Board and in executive sessions of independent Board members, act as liaison between the Chair of the Board and the independent directors, consult with the Chief Executive Officer on Board meeting agendas, call meetings of the independent directors or meetings of the Board, preside over any portions of Board meetings at which the evaluation or compensation of the Chief Executive Officer is presented or discussed, and, as appropriate upon request, act as a liaison to shareholders. This structure facilitates effective oversight and further strengthens our Board's independent leadership and commitment to enhancing shareholder value and sound governance practices.

Board's Role in Risk Oversight

Our Board, as a whole and through its committees, has oversight responsibility of our risk management processes and regularly discusses with management our major risk exposures, their potential impact on our business, and the steps we take to manage them. Our Board regularly reviews information from management regarding risks relating to our financial condition, operations, human capital matters, legal and compliance matters, cybersecurity, and other matters. Our Compensation Committee is responsible for reviewing with management the Company's major compensation-related risk exposures. The Audit Committee reviews and discusses with management its programs to identify, assess, manage and monitor significant business risks of the Company, including financial, operational, business continuity, legal and regulatory, compliance and reputational risks. The NCG Committee manages risks associated with the independence of our Board, management succession planning, and governance matters. In fiscal 2025, the Board decided that the NCG Committee should have overall oversight responsibility for our cybersecurity program and that the Audit Committee should have oversight of disclosures relating to cybersecurity incidents and cybersecurity risks. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about any such risks.

During fiscal 2026, our Board periodically received reports from committee members and members of management on the most important strategic issues and risks facing the Company, including through an enterprise risk assessment benchmarking analysis. In addition, our Board and its committees receive regular reports from our head of internal audit, our Chief Legal Officer and other senior management regarding enterprise risk management, litigation and legal matters, compliance programs and risks and other applicable risk-related policies, procedures and limits. We believe that this Board structure adequately addresses and supports our risk oversight function. As indicated above, certain important categories of risk are assigned to committees that review, evaluate and receive management reports on risk.

Board Meeting Attendance

The Board held a total of four meetings in fiscal 2026 that comply with standards required by Cayman Islands legal requirements. The number of meetings of each committee of the Board is set forth below under "Committees of our Board." Each of our current directors attended all meetings of the Board held during fiscal 2026 and attended, on average, approximately 99% of the meetings of the Board and Board committees on which such director served. The independent directors met regularly in executive session in fiscal 2026 without the presence of the non-independent directors or members of our management. In addition, in fiscal 2026, the Board acted by unanimous written consent in lieu of a meeting nine times.

Annual General Meeting Attendance

Although directors are encouraged to attend our annual general meetings, we do not have a formal policy requiring such attendance. Two of our directors attended the 2025 annual general meeting.

Our Board has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Committee membership as of the Record Date was as follows:

During fiscal 2026, our Audit Committee held a total of eight meetings and acted by unanimous written consent one time, our Compensation Committee held five meetings and acted by unanimous written consent nine times and our NCG Committee held four meetings and acted by unanimous written consent three times.

Audit Committee

The Board has a separately designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee's purpose is to assist our Board in overseeing the quality and integrity of our accounting, auditing and reporting practices and our compliance with legal and regulatory requirements. The Audit Committee also, among other things, reviews financial reporting filings with the SEC prior to issuance, appoints and ensures the independence of our independent registered public accounting firm, oversees our internal audit function and the independent registered public accounting firm and reviews and discusses with management and our independent registered public accounting firm the adequacy and effectiveness of our internal controls over financial reporting as reported by management. The Audit Committee is also responsible for establishing procedures for employees to anonymously submit concerns about questionable accounting or audit matters and assisting the Board in its review of any related party transactions. The Audit Committee has historically met one to two times each quarter and at such additional times as are necessary or advisable.

As of the Record Date, the members of our Audit Committee are Messrs. Hosein and Khaira and Ms. Danesh. Mr. Hosein is the chair of our Audit Committee. Our Board has determined that each member of the Audit Committee meets the applicable independence and financial literacy requirements of the current Nasdaq listing standards and SEC rules and regulations. Our Board has also determined that Messrs. Hosein and Khaira and Ms. Danesh are "audit committee financial experts" as defined in Item 407(d)(5)(ii) of Regulation S-K promulgated under the Securities Act of 1933, as amended (the "Securities Act").

Compensation Committee

The Compensation Committee has the authority to determine, or recommend to the Board for determination, the compensation for our Chief Executive Officer, all other executive officers and our directors. In addition, the Compensation Committee is responsible for periodically reviewing and approving or recommending for approval by the Board, other compensation programs including incentive compensation and equity-based award programs. Under the Compensation Committee charter, the Compensation Committee may delegate the authority to make grants and awards of share rights or options to non-Section 16 officers in accordance with the terms of such plans. The

Compensation Committee may also delegate its authority to subcommittees or the Chair as it deems appropriate from time to time.

The members of our Compensation Committee are Messrs. Hosein and Khaira and Ms. Acevedo. Mr. Khaira is the Chair of our Compensation Committee. Our Board has determined that each member of the Compensation Committee meets the applicable independence requirements of Nasdaq and the SEC. In addition, each member of the Compensation Committee is a "non-employee director" under Section 16 of the Exchange Act.

Nominating and Corporate Governance Committee

The NCG Committee is responsible for developing and reviewing policies and practices relating to corporate governance, including evaluating and monitoring implementation of our Corporate Governance Guidelines (the "Guidelines"), conducting a regular review of the Guidelines, committee charters, and key compliance policies and recommending any appropriate changes for approval by the Board, and recommending board and director education programs. The NCG Committee also reviews any changes to the Board, studies and reviews with the Board the size and composition of our Board and its committees, is responsible for leading the Board in its self-evaluation process, and screens and nominates candidates for election to our Board. The NCG Committee is also responsible for overseeing management succession planning, our programs relating to environmental, social, and governance matters, and the Company's cybersecurity risk management program.

The members of our NCG Committee are Mses. Acevedo and Danesh and Mr. Sutardja. Ms. Acevedo is the Chair of our NCG Committee. Our Board has determined that each member of the NCG Committee meets the general independence requirements of Nasdaq and the SEC.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee who served during fiscal 2026 is a current or former officer or employee of us or our subsidiaries or had any relationship with us not otherwise disclosed herein under applicable SEC rules. In addition, to our knowledge, there are no compensation committee interlocks between us and other entities involving our executive officers or directors who serve as executive officers or directors of such other entities.

Identifying and Evaluating Nominees for Director

In connection with nominating directors for election at annual general meetings and as needed throughout the year, the NCG Committee periodically reviews the composition of the Board in light of current challenges and needs of the Board and its committees and determines whether it may be appropriate to add or remove individuals after considering, among other things, issues of judgment, diversity, age, skills, background, experience and willingness and ability to devote the time necessary to serve as a director. Although the NCG Committee does not have a formal policy regarding diversity on the Board, the NCG Committee will actively seek out candidates with different skills, experiences, perspectives, backgrounds and of different ages, genders, ethnicities, races and other differences in order to enhance the deliberation and decision-making processes of the Board.

Once the NCG Committee and the Board determine that it is appropriate to add a new director, either as a replacement or as a new position, the NCG Committee uses a flexible set of procedures in selecting individual director candidates. This flexibility allows the NCG Committee to adjust the process to best satisfy the objectives it is attempting to accomplish in any director search. The first step in the general process is to identify the type of candidate the NCG Committee may desire for a particular opening, including establishing the specific target skills,

experiences and backgrounds that are to be the focus of a director search. The NCG Committee may consider candidates recommended by management, members of the NCG Committee, the Board, shareholders or a third party it may engage to conduct a search for possible candidates.

In order for a shareholder to have a candidate considered by the NCG Committee, a shareholder should submit the name of the recommended individual, together with appropriate biographical information and background materials as set forth in our Articles, to the NCG Committee in care of our Chief Legal Officer and Secretary, Credo Semiconductor Inc., 110 Rio Robles, San Jose, California 95134. Shareholders who wish to nominate a director for inclusion in our proxy statement, or directly at an annual general meeting in accordance with the procedures in our Articles, should see "Future Shareholder Proposals and Nominations for the 2027 Annual General Meeting—Director Nominations" in this proxy statement for further information.

Once candidates are identified, the NCG Committee conducts an evaluation of qualified candidates. The evaluation generally includes interviews and background and reference checks. There is no difference in the evaluation process of a candidate recommended by a shareholder as compared to the evaluation process of a candidate identified by any of the other means described above. In identifying and evaluating potential nominees to serve as directors, the NCG Committee will examine each nominee on a case-by-case basis regardless of who recommended the nominee and take into account all factors it considers appropriate.

If the NCG Committee determines that a candidate should be nominated as a candidate for election to the Board, the candidate's nomination is then recommended to the Board, and the directors may in turn conduct their own review to the extent they deem appropriate. When the Board has agreed upon a candidate, such candidate is recommended to the shareholders for election at an annual general meeting of shareholders or appointed as a director by a vote of the Board as appropriate.

Each of the current Class II directors has been recommended by the NCG Committee to the Board for reelection as our Class II directors at the Annual Meeting, and the Board has approved such recommendations.

Shareholder Communications with Our Board

Our Board has established a process for shareholders to send communications to our directors. If you wish to communicate with our Board or individual directors, you may send your communication in writing to our Secretary at Credo Semiconductor Inc., 110 Rio Robles, San Jose, California 95134. Each communication should include (i) the name and address of the shareholder, as it appears on the Company's register of members, and if the Company's ordinary shares are held by a nominee, the name and address of the beneficial owner of the Company's ordinary shares, and (ii) the number of ordinary shares of the Company that are owned of record by the record holder and beneficially by the beneficial owner. The Secretary, in consultation with appropriate directors as necessary, will compile all such communications and forward appropriate communications to the relevant director or directors or, if none is specified, to the Chair of the Board.

Code of Business Conduct and Ethics

Our Board has adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers and directors, including our Chief Executive Officer, Chief Financial Officer and other executive and senior financial officers. The full text of our Code of Business Conduct and Ethics is available in the Governance section of the Investor Relations section of our website at investors.credosemi.com. Information on or accessible through our website is not incorporated by reference in this proxy statement. We intend to disclose future amendments to our Code of Business Conduct and Ethics, or any waivers of such code, on our website or in public filings.

Role of Compensation Consultants and Absence of Conflict of Interest with Respect Thereto

The Compensation Committee is authorized to engage compensation consulting firms to provide advice and market data relating to executive officer and director compensation. Any such compensation consulting firms serve at the discretion of the Compensation Committee and provide analysis, advice and guidance with respect to the determination and recommendation of the amount and form of executive and director compensation, as applicable. In fiscal 2026, Compensia Inc. ("Compensia") was engaged by the Compensation Committee to provide advice and market data with respect to executive compensation.

The Compensation Committee charter provides that the Compensation Committee shall be directly responsible for the appointment, compensation and oversight of the work of any committee adviser retained by it, and the Company shall provide for appropriate funding, as determined by the Compensation Committee, for payment of reasonable compensation to such committee adviser. The Compensation Committee may select a committee adviser, as applicable, and receive advice from a committee adviser, only after taking into consideration all factors relevant to that person's independence from the Company's management, specifically including the following:

- The provision of other services to the Company by the committee adviser's employer;
- The amount of fees received from the Company by the committee adviser's employer, as a percentage of the total revenue of the committee adviser's employer;
- The policies and procedures of the committee adviser's employer that are designed to prevent conflicts of interest;
- Any business or personal relationship of the committee adviser with a member of the applicable committee;
- Any share capital of the Company owned by the committee adviser; and
- Any business or personal relationship of the committee adviser or the committee adviser's employer with an executive officer of the Company.

Under SEC rules, the Compensation Committee must determine whether any work completed by a compensation consultant raises any conflict of interest, after considering the six independence-related factors listed above. For fiscal 2026, the Compensation Committee reviewed these six factors as they apply to Compensia and identified no conflicts of interest.

Amendment to our Articles

The special resolution threshold of at least two-thirds of the shareholder vote to amend our Articles is statutorily required for companies incorporated in the Cayman Islands.

Pursuant to Section 14A of the Exchange Act, we are asking our shareholders to approve, on an advisory, non-binding basis, the compensation of our named executive officers as described in this proxy statement. This proposal, commonly referred to as the "say-on-pay" proposal, gives our shareholders the opportunity to express their views on our named executive officers' compensation as a whole. Shareholders supported a resolution that we hold a "say-on-pay" vote every year in accordance with the Board's recommendation. Accordingly, we will be holding "say-on-pay" votes on an annual basis, with the next "say-on-pay" vote to occur at the annual meeting to be held for the 2027 fiscal year.

You are encouraged to review the section titled "*Executive Compensation*" and, in particular, the section titled "*Executive Compensation—Compensation Discussion and Analysis*" in this proxy statement, which provides a comprehensive review of our executive compensation program and its elements, objectives and rationale, together with the compensation tables and related narrative discussion.

We are asking our shareholders to approve the compensation of our named executive officers as described in this proxy statement by voting for the following non-binding resolution:

EXECUTIVE COMPENSATION,
COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (this "CD&A") reviews the compensation of our named executive officers for the 2026 fiscal year, which began on May 4, 2025 and ended on May 2, 2026. It also provides an overview and analysis of our compensation program and policies, material compensation decisions with respect to fiscal 2026 compensation and the relationship between our business performance and compensation practices.

Our named executive officers ("NEOs"), for fiscal 2026 are:

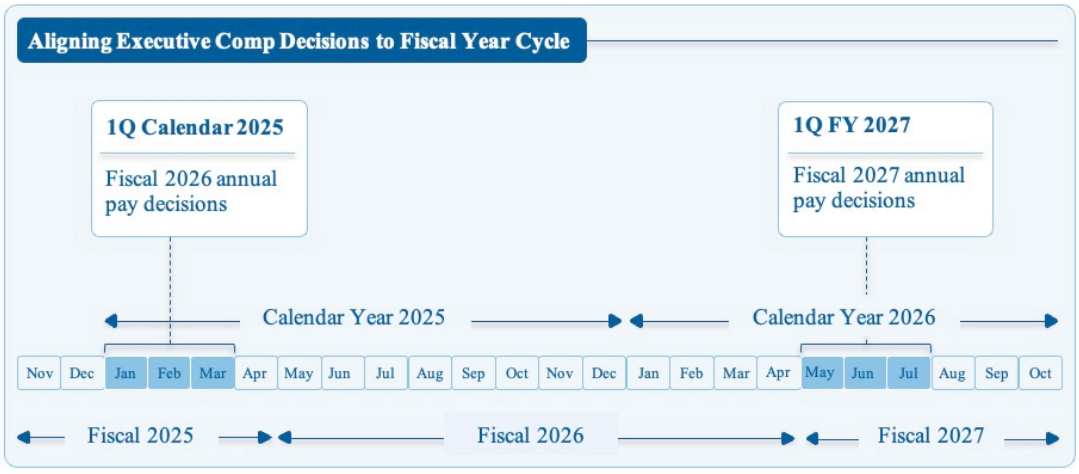

- William (Bill) Brennan, President, Chief Executive Officer, and Director;
- Daniel Fleming, Chief Financial Officer;
- Yat Tung (Job) Lam, Chief Operating Officer;
- Chi Fung (Lawrence) Cheng, Chief Technology Officer; and
- James Laufman, Chief Legal Officer and Secretary.

Fiscal 2026 Highlights

- Our annual revenue grew 206% year-over-year to $1,335 million.
- Our GAAP net income grew 805% year-over year to $472 million and non-GAAP net income grew 409% year-over year to $662 million.

Our Compensation Cycle, Objectives and Philosophy

Our fiscal year end concludes each year on the Saturday that is closest to April 30 (May 2, 2026 for fiscal 2026). Historically, our executive compensation program decisions were made in the first quarter of each calendar year (January through March), which corresponded to late in the third quarter or early in the fourth quarter of our fiscal year. During fiscal 2026, our Compensation Committee determined to transition executive compensation decision-making to the first quarter of each fiscal year, or May of each calendar year. As a result of this change, we did not make any annual adjustments to salaries or short-term incentive opportunities during fiscal 2026, and did not grant any annual long-term equity incentive awards during fiscal 2026. This alignment with our fiscal year cycle was made so that our Board and Compensation Committee has the benefit of a complete view of fiscal year results and a more refined forecast when approving our performance goals, which improves their ability to set appropriately calibrated goals.

Our executive compensation program, as overseen by our Compensation Committee, is designed to support and incentivize our executive team to ensure the Company's achievement of its primary business goals and allow the Company to attract and retain executives whose talents, expertise, leadership and contributions are expected to build and sustain growth in long-term shareholder value. The Compensation Committee reviews our compensation policies and overall program design to ensure that they promote close alignment of our executives' interests with the interests of our shareholders and our business goals, and that the total compensation paid to our executives is fair, reasonable and competitive for our size and stage of development.

The key objectives of our compensation program include the following:

- ***Attract, retain and motivate qualified and talented individuals with market competitive compensation***. We have structured our compensation program to ensure we are able to attract and retain the talent necessary for us to achieve our business goals. Our Compensation Committee considers compensation data prepared by its independent compensation consultant, Compensia relating to the compensation of executives in similar positions at peer companies determined by the Compensation Committee.

- ***Pay for performance***. Our executive compensation program is intended to motivate our executive officers by closely linking the value of the compensation they receive to the achievement of our overall business and financial goals over short and long-term periods. For fiscal 2026, base salaries represented the only fixed component of compensation, and NEOs' annual and long-term incentive opportunities were primarily performance-based.

- ***Align the interests of our executive officers and employees with those of our shareholders***. The largest portion of our executives' compensation is typically delivered in the form of long-term equity incentive awards. The Compensation Committee believes long-term equity incentives foster a culture of ownership and promote strong alignment between the interests of our executive officers and the interests of our shareholders because it gives executive officers and shareholders a common interest in share or stock price performance. Prior to fiscal 2025, our long-term equity incentives were awarded in the form of service-based restricted stock units ("RSUs"). Since fiscal 2025, all executive officer equity awards have been performance-based equity awards. As we mature as a public company, our Compensation Committee expects to award a mix of service- and performance-based equity awards going forward

Compensation Program Governance

The Compensation Committee assesses the effectiveness of our executive compensation program and reviews risk mitigation and governance matters, which includes maintaining the following practices:

What We Do	*What We Don't Do*
✓ Equity-based compensation is the most significant element of overall NEO compensation	✗ No hedging or pledging of company securities
✓ Utilize multi-year and performance-based vesting for equity-based awards	✗ No excessive perks
✓ Engagement of an independent compensation consultant to provide information about pay levels and practices of our peers	✗ No supplemental executive retirement plans that provide pension or other benefits to our NEOs
✓ Regularly review and utilize peer data	✗ No acceleration of equity awards on a "single trigger" basis on a change in control
✓ Cash bonuses require a minimum level of financial performance for any payout	✗ No golden parachute excise tax gross-ups
✓ Annual risk assessment of compensation programs	
✓ All of our executive officers are subject to "double trigger" conditions for the acceleration of vesting of equity awards and payment of any cash severance amounts following a change in control event	
✓ We conduct an annual advisory "Say-on-Pay" vote	

Compensation Process

Shareholder Advisory Vote on Executive Compensation

We hold an annual advisory vote on the compensation of our NEOs. While the say-on-pay vote is advisory and not binding on us, the Compensation Committee, or the Board, we value the opinions of our shareholders and will continue to consider the results of future say-on-pay votes, as well as feedback received throughout the year, when making compensation decisions for our NEOs. At our annual meeting held for fiscal 2025, approximately 94% of the votes cast approved our NEOs' compensation for fiscal 2025. We believe these results demonstrate our Board and our Compensation Committee's commitment to supporting our long-term growth and alignment with shareholder interests, and did not make any changes to our compensation practices because of this vote outcome.

Role of the Compensation Committee and Management

The Compensation Committee oversees the development and administration of our executive compensation program, including the underlying philosophy and related policies. The Compensation Committee members are independent members of the Board, as determined under the relevant rules of Nasdaq and the SEC. The Compensation Committee reviews and approves, or recommends to the Board for approval, the compensation of our Chief Executive Officer and all other named executive officers.

The Board including the Compensation Committee obtains input from executive officers and senior management regarding the Company's annual operating plan, expected financial results, and related risks. Annually, the Compensation Committee reviews the base salary, target cash incentive opportunities and equity awards for our named executive officers to verify alignment with our business strategy, determine whether any changes would be appropriate and approve their compensation packages and payouts. At various meetings throughout the year, the Compensation Committee also considers matters related to individual compensation, such as offers of employment

and compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of our compensation strategy, potential modifications to that strategy, and new market trends, plans, or approaches to compensation in our industry and the broader market environment.

Role of the Independent Compensation Consultant

The Compensation Committee is authorized to engage compensation consulting advisors to provide advice and market data relating to executive and director compensation. Any such compensation consultants serve at the discretion of the committee by which they were engaged and provide analysis, advice and guidance with respect to the determination and recommendation of the amount and form of executive and director compensation. As previously discussed, Compensia was engaged by the Compensation Committee as an independent compensation consultant to provide advice and market data regarding executive compensation in fiscal 2026. Consistent with the Company's compensation philosophy, the Compensation Committee considers compensation practices of peer companies including compensation levels, types of compensation, and compensation program designs. This data helps inform the Compensation Committee's decision making, but the Compensation Committee also considers other factors including the Company's financial performance, individual executives' performance, roles and responsibilities, succession planning considerations, the stage of growth of the Company and other retention and hiring goals.

Peer Group

The Compensation Committee reviews and considers compensation levels of our executive officers against the levels for executive officers in similar roles within our compensation peer group to ensure that our executive compensation program remains competitive in the market for continuing to recruit, retain, and incentivize our executive officers and to reward them appropriately for performance achieved. This includes review of data at the 25th, 50th and 75th percentiles of peer companies for each compensation component.

In August 2024, the Compensation Committee approved a peer group used to make fiscal 2025 and fiscal 2026 compensation decisions, comprised of 18 companies in the semiconductor and semiconductor and materials and equipment industries. The companies in this compensation peer group were selected on the basis of revenue and market capitalization to reflect a group of companies comparable to us (generally, companies ranging from 0.25x to 4x our trailing four quarters revenue and market capitalization at the time of approval). With regard to revenue, the 50th percentile of the peer group was $548 million and with respect to market capitalization, the 50th percentile of the peer group was $2.9 billion. Relative to the peer group, at the time of the Compensation Committee's approval of the peer group in August 2024, we ranked at approximately the 25th percentile on a last four quarter revenue basis and at approximately the 95th percentile on a market capitalization basis.

In September 2025, after taking into consideration our rapid growth year-over-year, our Compensation Committee substantially reconstituted our peer group for fiscal 2027 compensation decisions to focus on larger, more complex technology companies that better reflected the emerging financial profile of the Company. The Compensation Committee continued to use our 0.25x to 4x ranges for both metrics, taking into consideration forward revenue projections for both the Company and peer group companies, and prioritizing market capitalization fit given our rapid growth. Relative to our fiscal 2025 and 2026 peer group, 10 companies were removed, ACM Research, Inc. (ACMR), Ambarella, Inc. (AMBA), FormFactor (FORM), Impinj, Inc. (PI), indie Semiconductor, Inc. Elements of Compensation

Base Salary

We set our executives' base salaries at competitive levels necessary to attract and retain top-performing executives and to compensate executives for their job responsibilities and level of experience. The base salaries are intended to provide a fixed component of compensation that is commensurate with each executive's experience, role and responsibilities. Effective as of January 1, 2025, our Compensation Committee made adjustments to the base salaries of our NEOs in order to continue to provide market competitive cash compensation opportunities and given strong individual and company performance in recent years. As noted above, starting with fiscal 2027, our Compensation Committee decided to transition the timing of annual base salary reviews and related adjustments from calendar year-end to the Company's fiscal year-end cycle. As a result, no changes to base salaries for our NEOs were made for fiscal 2026. The base salaries in effect as of January 1, 2025 and through fiscal 2026 were as follows: Mr. Brennan $650,000; Mr. Fleming $430,000; Mr. Lam $375,000; Mr. Cheng $400,000; and Mr. Laufman $400,000.

Annual Bonuses

In March 2025, our Compensation Committee adopted the FY 2026 Executive Incentive Compensation Plan (the "Bonus Plan") to attract, motivate, and retain our NEOs and to align our NEOs' performance with our corporate goals. Our Compensation Committee determines which executive officers are eligible to participate in the Bonus Plan, the performance period, the performance goals and the method for measuring such performance goals, the weights and associated target levels for each performance measure, and the potential payouts based on the various target levels for each performance measure. For fiscal 2026, the Bonus Plan was based on achievement of both company-level performance goals (having a 75% weighting) and individual performance goals (having a 25% weighting) over two performance periods, one which measures performance over the first six months of the fiscal year and the second which measures performance over the full fiscal year, as described below. Our Compensation Committee approved target bonus opportunities under the Bonus Plan for fiscal 2026 for each of our NEOs set as a percentage of base salary as follows: Mr. Brennan: 100%; Mr. Fleming: 75%; Mr. Lam: 50%; Mr. Cheng: 50%; and Mr. Laufman: 50%.

Company-Level Performance Goals (75% Weighting)

For fiscal 2026, the company-level performance metrics were based on the sum of revenue growth and Non-GAAP net income growth percentages over the prior year's performance. Non-GAAP net income is calculated from GAAP net income which excludes the effect of share-based compensation expenses, asset impairment and related charges (if applicable), and the related tax effect adjustment to the provision for income taxes. For the first performance period, revenue and Non-GAAP net income growth as measured at the end of the first half of fiscal 2026 were compared to our revenue and Non-GAAP net income at the end of the first half of fiscal 2025. For the second performance period, revenue and Non-GAAP net income growth are measured based on full fiscal 2026 performance compared to our revenue and Non-GAAP net income for fiscal 2025. The sum of such revenue growth and Non-GAAP net income growth, expressed as percentage of change from the same period from the prior year, measures the company-level performance for each performance period. For fiscal 2026, the threshold achievement of company performance was a 20.5% increase in revenue growth and Non-GAAP net income growth, the target achievement was 40% and the maximum achievement was 60%, with a corresponding achievement of the company performance component at each performance level of 2.5%, 100% and 200% of target, respectively. Company-level metric results that are between the threshold and maximum levels are calculated on a ratable basis, such that every 0.5% increase in company-level metric yields a 2.5% increase in payout.

50% of the bonus opportunity for Company performance goals is payable for the performance period that encompasses the first half of the year, but this opportunity is capped at target (i.e., even if actual performance for the period is achieved above target). Any upside above target must be earned based on the full-year performance period, which comprises the remaining target bonus opportunity. The company performance component for the second half of the year may be earned between 0% and 200% of target (inclusive of any amount previously earned for the first half of the year) based on actual achievement of performance.

Individual Performance Goals (25% Weighting)

Under the Bonus Plan, our Chief Executive Officer, in consultation with each executive officer, sets the individual business performance objectives that are aligned with strategic objectives of the Company. At the end of each performance period, each executive officer prepares a self-assessment of his or her level of achievement of each individual performance goal and our Chief Executive Officer then reviews with such executive officer his or her performance and determines his or her level of achievement for each individual performance goal. Our Chief Executive Officer then recommends to the Compensation Committee the level of achievement for each executive officer. After reviewing our Chief Executive Officer's assessment and recommendation, our Compensation Committee finalizes and approves the achievement level and payout for each executive officer. For our Chief Executive Officer, our Compensation Committee, in consultation with him, determines each of his individual business performance objectives. After the end of the performance period, our Chief Executive Officer prepares a self-assessment of his level of achievement of each goal and submits this self-assessment to our Compensation Committee. After reviewing the self-assessment and making its own evaluation of our Chief Executive Officer's performance, our Compensation Committee determines the final achievement level and payout.

For fiscal 2026, the individual performance objectives for our executive officers were generally related to our broader business and strategic goals within the following categories:

- Operational excellence: this category consisted of goals related to operational efficiency and improving internal systems, tools, and processes.
- Strategic initiatives and performance: this category consisted of goals related to merger and acquisition activity, strategic planning, and growth initiatives.

The individual performance component for each performance period only has a target amount with no threshold or maximum amount such that our NEOs would either receive 0% of target bonus (if individual performance metrics are not achieved) or up to 100% of target bonus (if certain individual performance metrics are achieved).

The following tables set forth the fiscal year 2026 performance goals at threshold, target, and maximum levels:

Performance Metric	Threshold	Target	Maximum
Individual Performance (25% weighting)	—%	100%	100%
Company-Level Performance (sum of revenue growth and non-GAAP net income growth) (75% weighting)	20.5%	40%	60%
Aggregate Payout (% of target)	1.875%	100%	175%

Fiscal 2026 Bonus Payouts

For the first performance period of fiscal 2026, the company-level performance metrics were achieved at 319% (based on the sum of revenue growth of 273% as compared to the first half of fiscal 2025 and non-GAAP net income as a percentage of revenue of 46%), resulting in 50% payout of the annualized target for the company-level performance component for the performance period due to the cap that applies to first half payouts. For the second performance period, the company-level performance metrics were achieved at 255% (based on the sum of revenue growth of 206% as compared to full year fiscal 2025 and non-GAAP net income as a percentage of revenue of 50%), resulting in achievement at 200% of target for the corporate performance component for the full fiscal 2026 period. In addition, given each executive officer's strong leadership and execution during the year, the Compensation Committee determined that each executive officer achieved target performance with respect to their individual performance objectives. Select fiscal 2026 individual performance achievements included: Mr. Brennan: led development efforts relating to the Company's three-year strategic development and product growth plan; Mr. Fleming: strengthened investor engagement and supported consistent communication of the Company's growth strategy and financial performance; Mr. Lam: continued to improve the growth of the Company's China operations and market expansion initiatives; Mr. Cheng: oversaw expansion of the Company's Asia engineering organization while strengthening product development and production readiness initiatives; and Mr. Laufman: led the successful legal execution of strategic corporate transactions, including financing and acquisition activities, and oversaw the management and resolution of several litigation matters.

As a result, for fiscal 2026, the total bonus achievement and resulting payouts for our NEOs were as follows:

Name	25% Individual Performance * 100% Target	75% Company Performance * 200% Maximum	Total Achievement %	Total Actual Payout
William (Bill) Brennan	25%	150%	175%	$1,137,500
Daniel Fleming	25%	150%	175%	$564,375
Yat Tung (Job) Lam	25%	150%	175%	$328,125
Chi Fung (Lawrence) Cheng	25%	150%	175%	$350,000
James Laufman	25%	150%	175%	$350,000

Fiscal 2026 Long-Term Equity Compensation

In connection with, and as a result of, our Compensation Committee's decision to transition the timing of our annual long-term equity incentive program review from calendar year end to align with the Company's fiscal year-end cycle, no grants under our annual long-term equity incentive program were made to our NEOs in fiscal 2026.

However, on June 30, 2025, following a year of record-breaking financial results, and after evaluating the value of the unvested equity of certain key executive leaders, our Compensation Committee determined it was important to provide additional long-term incentives to certain key executive leaders including NEOs Messrs. Brennan and Fleming in the form of special, off-cycle 100% performance-based restricted stock units ("PSUs") (the "Special PSUs") under our 2021 Long-Term Incentive Plan (the "2021 Plan"). Our Compensation Committee designed these awards to promote leadership continuity through a key growth period for the company, strengthen alignment with shareholder interests, and to reinforce long-term shareholder value creation. Specifically, it was important to our Compensation Committee to ensure that both sustained stock price performance and continued service through the duration of the three-year vesting and performance period would be required for the recipients to earn the awards in full. The Compensation Committee also included a one-year post-vesting holding period requirement to further its continuity, alignment and value-creation objectives.

The Special PSUs are eligible to be earned over a three-year performance period if the 60-day average closing price of our shares equals or exceeds $116 on each of the first three anniversaries of the grant date ("Stock Price Condition"), which represents an approximate 100% increase from the 60-day average trading price of our stock on the grant date. If the Stock Price Condition is met on the first anniversary date of the grant, 25% of the Special PSUs vest; if it is met on the second anniversary, vesting rises to 50% (inclusive of any Special PSUs that were earned on the first measurement date); and if it is met on the third anniversary, 100% of the Special PSUs vest (inclusive of any Special PSUs that were earned on the first and second measurement dates). Vesting of the Special PSUs is subject to the NEO's continued service with the Company through the applicable measurement date. Mr. Brennan received a Special PSU grant with respect to 200,000 shares and Mr. Fleming received a Special PSU grant with respect to 100,000 shares. Upon achievement of the applicable Stock Price Condition on the first measurement date of June 30, 2026, 25% of Messrs. Brennan's and Fleming's Special PSU grants were earned, representing 50,000 shares earned for Mr. Brennan and 25,000 shares earned for Mr. Fleming.

Achievement of Fiscal 2025 PSUs

In fiscal 2025, our Compensation Committee granted PSUs to Messrs. Brennan, Fleming, Lam and Cheng (the "2025 PSUs") under our 2021 Plan, which were eligible to become earned between 0% and 200% of target levels based on the Company's achievement of specified revenue goals for the fiscal year ending May 2, 2026 as set forth in the table below, subject to certain service-based vesting requirements over an additional three-year period, with 25% of the earned PSUs vesting on each of June 10, 2026, June 10, 2027, June 10, 2028 and June 10, 2029. Company revenue for fiscal 2026 was approximately $1.3 billion.

Company Revenue	Achievement Percentage
Below $540,000,000	—%
$540,000,000	50%
$600,000,000	100%
$660,000,000 or greater	200%

Accordingly, based on management's confirmation that the Company achieved the applicable revenue goals for fiscal 2026 at maximum performance levels, our Compensation Committee determined that the 2025 PSUs were earned at 200% of target levels, as set forth in the table below, 25% of which service vested on June 10, 2026.

Name	2025 PSUs Granted	2025 PSUs Earned
William (Bill) Brennan	100,000	200,000
Daniel Fleming	60,000	120,000
Yat Tung (Job) Lam	25,000	50,000
Chi Fung (Lawrence) Cheng	25,000	50,000

CEO Fiscal 2027 PSUs

Over the course of fiscal 2026, the Board and Compensation Committee observed the Company's continued exceptional performance trajectory and continued rapid stock price appreciation. Given the narrow talent pool for AI infrastructure leaders with the track record and experience of Mr. Brennan, the Board was cognizant of the unique value of Mr. Brennan within the competitive market. Mr. Brennan is the architect of our long-term strategic plan and the Board and Compensation Committee viewed his continued leadership as the Company implements and executes that plan to deliver on our next phase of transformational growth to be strongly aligned with shareholders'

best interests. It also believed it was critical to design an equity incentive award that furthered its retention and motivation objectives in a manner that challenged Mr. Brennan to not only achieve but meaningfully exceed the objectives of that ambitious long-term plan. Following a deliberative and iterative process, on May 28, 2026, the Board approved a performance-based equity award for Mr. Brennan, in the form of performance-based restricted stock units (the "FY27 CEO PSUs") under the Company's 2021 Plan. The FY27 CEO PSUs are a one-time, front-loaded equity incentive that, absent extraordinary and unforeseen circumstances, will be the only equity award provided to Mr. Brennan for five years (the approximate length of the performance period).

The FY27 CEO PSUs are 100% performance-based and tied to six progressively challenging performance hurdles based on both revenue and stock price growth. Specifically, the FY27 CEO PSUs are eligible to vest in six substantially equal tranches (set forth in the table below) subject to the achievement of (i) a revenue goal (the "Revenue Goal") and (ii) a stock price goal (the "Stock Price Goal") over a five-year performance period beginning on the grant date and ending on June 30, 2031 (the "Performance Period"). The Revenue Goal hurdles are established relative to the Company's ambitious strategic plan. That plan envisions growth of the Company's trailing four quarter revenue nearly four-fold to $5 billion by the end of fiscal 2031. This objective is central to the award's design, which would provide that, if achieved, only the first three Revenue Goals would be achieved. This is intentional, to provide a strong, market-competitive pay outcome for continued, excellent performance. Achievement of the final three Revenue Goals requires meaningful-to-extraordinary outperformance relative to the Company's strategic plan. Accordingly, Mr. Brennan can only achieve above-market pay outcomes in the event of sustained, exceptional outperformance.

The Stock Price Goal is intended to ensure that, regardless of achievement of the Revenue Goal hurdles (other than in the case of outsized revenue performance, as described below), Mr. Brennan will only realize above target pay outcomes if he also achieves sustained, progressive stock price appreciation for stockholders. In establishing the Stock Price Goal hurdles, the Board considered the remarkable appreciation of the Company's stock to date, which was trading at or near all-time stock price highs during the period in which it deliberated over the FY27 CEO PSUs, and the challenge of replicating similar results from an elevated starting point. To put this performance into perspective, from its 2022 IPO through the end of fiscal 2026, the Company's stock price has grown by more than 1,700%, representing an annualized growth rate of 98%, which is in the top 1% of Russell 2000 companies over that time period. After careful consideration, and recognizing that continuing to perform at that level of return into the future was unrealistic, the Board set the hurdles at a substantial premium over the preceding 30-calendar day average and 6-calendar month average stock prices preceding the grant date to incentivize continued outperformance over the industry and broader market.

The tranche 1 revenue hurdle of $2,500,000,000 represents an approximate 87% increase from the Company's fiscal 2026 revenue of approximately $1,335,116,000, and the tranche 1 stock price hurdle of $244.70 represents an approximately 63% increase from the April 2026 (30 calendar days) stock price average of $150.02 and a 77% increase from the November 2025 to April 2026 (6 calendar months) stock price average of $138.38. As set forth in the table below, the subsequent hurdles for each metric are progressively more challenging. Over the five-year period, achievement of the tranche 6 Revenue Goal and Stock Price Goal Hurdles would represent CAGRs of approximately 42% and 27%, respectively.

Both the Revenue Goal and the Stock Price Goal hurdles must be achieved in order for each tranche of the FY27 Special PSUs to become earned (which achievements may occur at any time during the Performance Period and do not need to occur concurrently) except that, if the achievement of the Revenue Goal equals or exceeds $5,000,000,000 – the revenue goal under the Company's strategic plan – at any time during the Performance Period, the first two tranches of the FY27 Special PSUs (or 479,000 Ordinary Shares) will be deemed achieved,

notwithstanding any achievement (or lack thereof) of the corresponding Stock Price Goals for such tranches. As noted above, this design corresponds to the target pay opportunity the Compensation Committee intends to provide Mr. Brennan relative to achievement of our long-term strategic plan, notwithstanding stock price performance over the award's performance period.

The Compensation Committee also intentionally structured the FY27 Special PSUs to align the interests of Mr. Brennan with shareholders, the Company and employees over the Performance Period. For example, if all six tranches of the FY27 Special PSUs are achieved, Mr. Brennan will receive approximately 1.0% of the shareholder value created in the scenario corresponding to the top stock price hurdle, meaning 99% of the incremental value creation will accrue to the other shareholders. In addition, the Company will have achieved a truly transformative level of success within its first decade as a public company, growing its market capitalization from under $2 billion at the time of IPO to $100 billion or greater (assuming a stock price of $489.40, the highest hurdle, is achieved). Shareholders will have continued to experience stellar returns that only rarely occur in the public markets on a sustained basis. And employees will vest in a multiple of the intended target value of their equity awards received prior to and through the duration of the Performance Period.

The Revenue Goal and Stock Price Goal hurdles for each tranche of the FY27 CEO PSUs are as follows:

Tranche	Revenue Goal Hurdle	Stock Price Goal Hurdle	Earned PSUs (# of Shares)
1	$2,500,000,000	$244.70	239,500
2	$3,500,000,000	$293.64	239,500
3	$4,500,000,000	$342.58	239,500
4	$5,500,000,000	$391.52	239,500
5	$6,500,000,000	$440.46	239,500
6	$7,500,000,000	$489.40	239,500

Achievement of each Revenue Goal hurdle will be measured based on the sum of the Company's total revenue (as reported in the Company's annual and quarterly reports filed with the SEC) over any four consecutive fiscal quarters ending during the Performance Period (including, for the avoidance of doubt, the fiscal quarter which includes the grant date). Achievement of each Stock Price Goal hurdle will be based on the average closing price per share of the Company as measured concurrently over any 6-calendar month period and any 30-calendar day period during the Performance Period, both ending on the same trading day during the Performance Period. In no event will any tranche of the FY27 CEO PSUs be achieved more than once, and no interpolation will be applied for achievement between performance levels (except as described below).

In the event of a change in control of the Company, achievement of the performance condition will be measured based solely on the price per share offered to the Company's shareholders in such change in control, and if such price equals or exceeds the applicable dollar value of the stock price hurdle set forth in the table above for a tranche, any previously unearned tranche or tranches for which the stock price hurdle is met will be deemed achieved. For these purposes, linear interpolation will apply for performance between stock price hurdles. Any portion of the Special PSUs that becomes earned upon a change in control will convert into a time-based award subject to continued service-based vesting based on Mr. Brennan's continued service through the earlier of the end of the Performance Period or a termination of Mr. Brennan's service by the Company without "cause" or by him for "good reason".

Except as described above following a change in control, vesting of the FY27 CEO PSUs is subject to Mr. Brennan's continued service with the Company – which may be as an employee or as a non-employee member of the Board – through the date on which the Compensation Committee of the Board certifies that both the Revenue Goal and the Stock Price Goal for a particular tranche have been achieved. In the event of Mr. Brennan's termination of service for any reason prior to a vesting date, any unvested portion of the FY27 CEO PSUs will be forfeited (and in the case of a termination by the Company for "cause", any portion of the FY27 CEO PSUs that remains outstanding, whether vested or unvested, will be forfeited).

Shares delivered to Mr. Brennan upon the vesting of any FY27 CEO PSU, net of any shares sold or withheld for taxes, will be subject to a one year post-vesting holding period (or, if earlier, until the closing of a change in control). As the FY27 CEO PSUs were awarded in fiscal 2027, they will be reported in the executive compensation tables included in next year's proxy statement.

Fleming, Lam and Laufman has entered into a Proprietary Information and Inventions Agreement pursuant to which the NEO agreed to be subject to restrictive covenants, including 12-month post-termination restrictions on solicitation of employees, customers, vendors, suppliers and distributors.

We do not have employment agreements with any of our NEOs.

Retirement Benefits

We maintain a tax-qualified defined contribution 401(k) plan for our employees (including our NEOs), who satisfy certain eligibility requirements. Our NEOs are eligible to participate in the 401(k) plan on the same terms as other full-time employees.

All of our full-time employees are eligible to participate in customary health and welfare plans. Our NEOs are eligible to participate in these plans on the same terms as other full-time employees.

Stock Ownership Guidelines

Effective March 20, 2025, the Board established stock ownership guidelines in our Corporate Governance Guidelines for our executive officers and non-employee directors to better align our executive officers' and directors' interests with our shareholders' interests by promoting share ownership. The ownership guidelines are based on a multiple of annual base salary for our executive officers and the annual cash retainer for our non-employee directors. Our Chief Executive Officer is required to hold shares of our common stock with a value equal to at least three times his annual base salary. Each other executive officer is required to hold shares of our common stock with a value equal to at least one times his or her annual base salary. Non-employee directors are required to hold shares of our common stock with a value equal to at least four times his or her annual cash retainer for service on the Board. Each executive officer and non-employee director is required to achieve the applicable level of

ownership within four years from his or her appointment as a director or executive officer of the Company. While below the applicable guidelines, at any time, there is a minimum holding expectation for 50% of the net after tax shares following vesting of RSUs until the applicable guideline is met. The requirement to retain a portion of net shares also applies in the event the Company's stock price declines, causing the individual's previous ownership to fall short of the guideline. Unvested equity awards and unearned performance-based equity awards do not count towards satisfaction of the stock ownership guidelines. All of our executive officers met, or were on target to meet, within the required timeframe, the ownership guidelines as of our fiscal year-end. A copy of our Corporate Governance Guidelines can be found under "Governance Documents" at investors.credosemi.com.

Executive Change in Control Severance Plan

Effective December 3, 2024, we adopted an Executive Change in Control Severance Plan (the "CIC Severance Plan"). The terms and conditions of the CIC Severance Plan are described in the "Executive Compensation—Potential Payouts upon Termination or Change in Control" section below.

Clawback Policy

In November 2023, our Compensation Committee adopted a compensation recoupment policy (the "Clawback Policy") providing for the recovery of certain cash and equity-based incentive compensation received by our covered executives, which includes our Named Executive Officers as well as certain current and former executive officers of the company who are subject to Section 16 of the U.S. Securities Exchange Act of 1934 (the "Exchange Act"). Our Clawback Policy is intended to comply with, and will be interpreted in a manner consistent with, the U.S. Securities Exchange Act of 1934 and the Nasdaq listing standards. Under the terms of the Clawback Policy, in the event of a restatement of our financial statements due to material non-compliance with any financial reporting requirement under applicable securities laws, the Compensation Committee shall take reasonably prompt action to recover from any covered executive the incentive-based compensation received by any covered executive, which includes awards under our Bonus Plan and settlement of any PSUs, during the prior three fiscal years that exceeds the amount the executive otherwise would have received had the incentive-based compensation been determined based on the restated financial statement. The Clawback Policy was filed as an exhibit to our Form 10-K for the year ended April 27, 2024.

Insider Trading Policy and Anti-Hedging/Pledging Policy

Our Board has adopted an Insider Trading Policy that applies to our employees, officers, directors, consultants and contractors, which we believe is reasonably designed to promote compliance with insider trading laws, rules and regulations and the applicable exchange listing standards. The policy also prohibits our employees, officers, directors, consultants and contractors from engaging in any hedging transactions (including transactions involving options, puts, calls, prepaid variable forward contracts, equity swaps, collars and exchange funds or other derivatives) that are designed to hedge or speculate on any change in the market value of the Company's equity securities, or pledging Company securities in any circumstance, including by purchasing Company securities on margin on holding Company securities in a margin account. In addition, it is our policy to comply with applicable securities and state laws, including insider trading laws, when engaging in transactions in the Company's securities. Our Insider Trading Policy was filed as exhibit 19.1 to our Annual Report on Form 10-K for our fiscal year ended May 2, 2026.

Timing of Equity Awards

It is not our practice to time the release of material nonpublic information for the purpose of affecting the value of executive compensation or to take material nonpublic information into account when determining the timing and terms of such awards. Although we do not have a formal policy with respect to the timing of our equity award grants, our board of directors or compensation committee has historically granted such awards on an annual schedule. Equity grants may also be made on other dates in connection with new hires, promotions or similar events.

Tax and Accounting Considerations

When reviewing compensation matters, the Company may consider the anticipated tax and accounting consequences to us (and, when relevant, to our executive officers) of the various payments under our compensation programs, although tax consequences are only one of many factors in determining compensation program design and levels and may or may not be taken into account by the Compensation Committee. In some cases, other important considerations may outweigh tax or accounting considerations and the Compensation Committee maintains the flexibility to compensate our officers in accordance with the Company's compensation philosophy. Section 162(m) of the Code generally disallows a tax deduction for any publicly held corporation for individual compensation of more than $1 million in any taxable year to certain executive officers. The Compensation Committee, after considering the potential impact of the application of Section 162(m) of the Code, may provide compensation to executive officers that may not be tax deductible if it believes that providing that compensation is in the best interests of the Company and its shareholders.

Risk Assessment

Our Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements, as well as our compensation plans that generally apply to all employees. In connection with such oversight, the Compensation Committee worked with Compensia, the Compensation Committee's compensation consultant, to perform a risk assessment of our executive and equity compensation programs and governance practices. The purpose of this review was to determine whether such programs might encourage excessive or inappropriate risk-taking that could result in a material adverse effect on the Company. During fiscal 2026, Compensia, with the assistance of our management, reviewed these programs, taking into consideration many factors, including but not limited to:

- Compensation philosophy;
- Pay mix;
- Performance measures;
- Goal setting and funding mechanisms;
- Payment and timing;
- Incentives structure and policies;
- Ownership and trading guidelines;
- Leadership and succession; and
- Program governance.

The annual risk assessment concluded that the Company's compensation programs do not contain incentives to take risks that could have a material adverse effect on the Company.

(1) Compensation information for fiscal 2024 with respect to Mr. Laufman is not shown because he was not an employee of the Company for that year.

(2) The amounts reported in this column represent the aggregate grant date fair value of the RSUs and PSUs granted during fiscal 2026, fiscal 2025 and fiscal 2024, as calculated in accordance with FASB Accounting Standards Codification Topic 718 ("Topic 718"). The assumptions used in calculating the grant date fair value reported in this column are described in Note 2 to our consolidated financial statements included in our Annual Report on Form 10-K for fiscal 2026. The amounts reported in this column reflect the accounting cost for these RSUs and PSUs and do not necessarily correspond to the actual economic value that may be received by the named executive officer upon the vesting or settlement of the RSUs and PSUs or any sale of the underlying ordinary shares. The amounts reported in this column for PSUs granted in fiscal 2026 are calculated using a Monte-Carlo model for each award on the date of grant, as determined under Topic 718, based on the probable outcome of the performance condition as of the grant date and incorporates assumptions such as the term of the performance period, expected volatilities, risk-free interest rate, and dividend yield. Since the performance criteria underlying the PSUs, stock price, is considered a market condition as opposed to a performance condition for accounting purposes, the expense associated with

those awards is not subject to fluctuation based on the actual outcome. Therefore, the amounts reported in this column reflect the maximum expense value.

(3) The amounts reported reflect payout of bonuses earned under our annual bonus program, as described under "Executive Compensation, Compensation Discussion and Analysis—Elements of Compensation—Annual Bonuses" above.

The individual performance metric does not have threshold or maximum attainment levels. Actual amounts paid under the fiscal 2026 annual bonus program are included in the column entitled "Non-Equity Incentive Plan Compensation" of the Summary Compensation Table above. See "—Elements of Compensation—Annual Bonuses" above for a further description of the fiscal 2026 annual bonus program.

(3) The amounts reported in this column represent the aggregate grant date fair value of the PSUs granted during fiscal 2026 as calculated in accordance with FASB Accounting Standards Codification Topic 718 ("FASB ASC Topic 718"). The assumptions used in calculating the grant date fair value reported in this column are described in Note 2 to our consolidated financial statements included in our Annual Report on Form 10-K for fiscal 2026. The amounts reported in this column reflect the accounting cost for these PSUs and do not necessarily correspond to the actual economic value that may be received by the named executive officer upon the vesting or settlement of the PSUs or any sale of the underlying ordinary shares. The amounts reported in this column for PSUs granted in fiscal 2026 are calculated using a Monte-Carlo model for each award on the date of grant, as determined under Topic 718, based on the probable outcome of the performance condition as of the grant date and incorporates assumptions such as the term of the performance period, expected volatilities, risk-free interest rate, and dividend yield. Since the performance criteria underlying the PSUs, stock price, is considered a market condition as opposed to a performance condition for accounting purposes, the expense associated with those awards is not subject to fluctuation based on the actual outcome. Therefore, the amounts reported in this column reflect the maximum expense value.

Potential Payouts upon Termination or Change in Control

Effective December 3, 2024, we adopted an Executive Change in Control Severance Plan (the "CIC Severance Plan"). Each of our NEOs participates in the CIC Severance Plan, which provides that in the event of a termination of employment by the Company for any reason other than "cause", death or "disability", or by the executive with "good reason" (each as defined in the CIC Severance Plan), in each case during the period beginning three months prior to and ending 12 months following a "change in control" (as defined in the CIC Severance Plan), the executive will be eligible to receive the following severance payments and benefits: (i) a lump sum cash severance payment in an amount equal to (x) the executive's severance multiplier designated in their individual participation agreement multiplied by (y) the sum of the executive's then-current (A) base salary plus (B) target annual bonus; (ii) accelerated vesting of all equity awards that are outstanding and unvested as of the termination date (with any awards subject to performance-based vesting conditions deemed achieved at target levels); (iii) if the executive timely elects healthcare continuation coverage under COBRA, a lump sum payment in an amount equal to (x) the executive's COBRA period designated in their individual participation agreement multiplied by (y) the monthly Company cost of the executive's COBRA premiums; and (iv) payment of any earned but unpaid bonus in respect of the most recent bonus performance period ending prior to the termination date. The severance multipliers and COBRA periods for our NEOs in the CIC Severance Plan are as follows: (i) William (Bill) Brennan: 1.5 times, 18 months; (ii) Daniel Fleming: 1.0 times, 12 months; (iii) Yat Tung (Job) Lam: 1.0 times, 12 months; (iv) Chi Fung (Lawrence) Cheng: 1.0 times, 12 months; and (v) James Laufman: 1.0 times, 12 months. In the event of a change in

control of the Company, to the extent Section 280G or 4999 of the Internal Revenue Code of 1986 (the "Code") is applicable to an NEO, such individual is entitled to receive either payment of the full amounts to which he or she is entitled or payment of such lesser amount that does not trigger the excise tax imposed by Section 4999 of the Code, whichever results in him or her receiving the greatest after-tax amount. We do not pay excise tax payments (or "gross-ups") relating to a change in control of the Company and have no such obligations in place with respect to any of our NEOs.

A summary of the potential payouts that each of our NEOs would have received upon the occurrence of these events, assuming that each triggering event occurred on the last day of fiscal 2026, May 2, 2026, is set forth below.

CEO Pay Ratio

Item 402(u) of Regulation S-K requires us to disclose the ratio of the annual total compensation of our principal executive officer to the annual total compensation of our median employee. During fiscal 2026, the principal executive officer of the Company was our President and Chief Executive Officer, William (Bill) Brennan. For fiscal 2026, Mr. Brennan's annual total compensation, as disclosed in the Summary Compensation Table, was $14,428,500 and our median employee's annual total compensation was $117,482, resulting in a pay ratio of approximately 123:1.

We identified the median employee as of May 2, 2026 by aggregating for each applicable employee their fiscal 2026 (A) annual base salary for salaried employees (or hourly rate multiplied by the estimated annual work schedule, for hourly employees), (B) paid incentive compensation, and (C) the estimated grant date fair value for employee equity awards granted in the fiscal year. Amounts paid in foreign currencies were converted into U.S. Dollars using the exchange rates in effect on May 1, 2026, and we annualized the compensation of permanent employees that worked for less than the full year.

This calculation was performed for all employees of the Company as of May 2, 2026, excluding Mr. Brennan. The pay ratio reported above is a reasonable estimate calculated in a manner consistent with SEC rules based on our internal records and the methodology described above. The SEC rules for identifying the median employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. Therefore, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates, and assumptions in calculating their own pay ratios.

Pay versus Performance

The following table sets forth the compensation for our Principal Executive Officer ("PEO") and the average compensation for our other named executive officers, both as reported in the Summary Compensation Table and with certain adjustments to reflect the "compensation actually paid" to such individuals, as defined under SEC rules, for each of fiscal 2026, 2025, 2024 and 2023. The table also provides information on our cumulative total shareholder return ("TSR"), the cumulative TSR of our peer group, Net Income (Loss) and Revenue over such years in accordance with the SEC rules.

(2) Compensation "actually paid" for the PEO and average compensation "actually paid" for our non-PEOs in fiscal 2026, fiscal 2025, fiscal 2024 and fiscal 2023 reflects the respective amounts set forth in columns (b) and (d), adjusted as follows in the table below, as determined in accordance with SEC rules. These dollar amounts do not reflect the actual amount of compensation earned by or paid to the PEO and our other NEOs during the applicable year. For information regarding the decisions made by our Compensation Committee pertaining to the PEO's and our other NEOs' compensation for fiscal year 2025, see Executive Compensation, CD&A section.

The aggregate change in actuarial present value of accumulated benefit under pension plans reflects the amount reported for the applicable year in the Summary Compensation Table. Service costs is calculated as the actuarial present value of benefits under all pension plans attributable to services rendered during the applicable fiscal year. Prior service costs is calculated as the entire cost of benefits granted (or credit for benefits reduced) in a plan amendment (or initiation) during the covered fiscal year that are attributable by the benefit formula to services rendered in periods prior to the applicable amendment.

(3) TSR is cumulative for the measurement periods beginning on January 27, 2022 and ending on May 2, 2026, May 3, 2025 and April 27, 2024, respectively, calculated in accordance with Item 201(e) of Regulation S-K. The peer group for purposes of this table is the PHLX Semiconductor Index, same as our Peer Group as set forth in the performance graph included in our annual report.

DIRECTOR COMPENSATION

The Compensation Committee, which is composed solely of independent directors, has the primary responsibility for reviewing and making changes to our non-employee director compensation. For fiscal year 2026, non-employee director fees were: (1) $60,000 annual retainer for board service; (2) $30,000 annual retainer for service as lead independent director; (3) $25,000 annual retainer for service as chair of the audit committee; (4) $20,000 annual retainer for service as chair of the compensation committee; (5) $15,000 annual retainer for service as chair of the nominating and corporate governance committee; (6) $12,500 annual retainer for service as a member of the audit committee; (7) $10,000 annual retainer for service as a member of the compensation committee, and (8)

$7,500 annual retainer for service as a member of the nominating and corporate governance committee. Director fees are paid quarterly in arrears.

For our non-employee directors who will continue to serve on the Board after the Annual General Meeting, such directors will receive annual equity compensation in the form of RSUs with a grant value of $200,000 as of the first business day following the Annual General Meeting. After the Company's 2025 Annual General Meeting (the "2025 AGM"), our Compensation Committee approved a grant of RSUs to each of the non-employee directors then serving with a value of $200,000 with vesting commencement dates as of the first business day following the 2025 AGM. The 2025 AGM RSUs were granted in October 2025 and are scheduled to vest upon the earlier of (a) the one (1) year anniversary of the vesting commencement date or (b) the date of the Company's 2026 Annual General Meeting, in each case subject to the non-employee director continuing to serve as a member of the Board and provide services to the Company through such date. In addition, non-employee directors who are newly appointed to the Board receive an initial grant of RSUs having a grant date value of $350,000, which vests in three equal annual installments from the date of appointment. Consistent with our policy for granting executive and employee equity, the prior month's stock price average is used to convert the intended dollar value of the RSU grants into a number of shares. Due to the volatility of our share price throughout fiscal 2026, the accounting value of the awards (based on the stock price on the grant date) can differ materially from the target value conversion that used the averaging period.

The following table reflects certain information with respect to the compensation of all non-employee directors of the Company for the fiscal year ended May 2, 2026.

Name	Fees Earned or Paid in Cash ($)(1)	Stock Awards ($)(2)	Total Compensation ($)
Pantas Sutardja	$ 61,250	$ 202,371	$ 263,621
Lip-Bu Tan	$ 23,210	$ 202,371	$ 225,581
Manpreet Khaira	$ 83,917	$ 202,371	$ 286,288
Sylvia Acevedo	$ 103,042	$ 202,371	$ 305,413
Clyde Hosein	$ 86,208	$ 202,371	$ 288,579
Fariba Danesh[3]	$ 72,583	$ 648,342	$ 720,925
Brian Kelleher[4]	$ 30,806	$ 385,250	$ 416,056

(1) The amounts reported in this column represent the aggregate dollar amount of all fees earned or paid in cash to each non-employee director in fiscal 2026 for their service as a director, including any annual retainer fees, committee and/or chair fees.

(2) The amounts reported in this column represent the aggregate grant date fair value of RSUs granted to the directors during fiscal 2026, as calculated in accordance with Topic 718. As of the end of fiscal 2026, non-employee directors held outstanding RSUs as follows: (i) Pantas Sutardja — 1,540; (ii) Lip-Bu Tan — 1,540; (iii) Manpreet Khaira — 1,540; (iv) Sylvia Acevedo — 1,540; (v) Clyde Hosein — 6,991; (vi) Fariba Danesh — 5,035; and (vii) Brian Kelleher — 2,695.

(3) Ms. Danesh was appointed to the board on March 20, 2025. On June 19, 2025, Ms. Danesh received an initial award of RSUs with a target value of $350,000 vesting in equal annual installments over three years from the date of appointment. The number of shares underlying the RSUs was determined using the stock price average for the month preceding the date of appointment, or 6,577 shares. As a result of volatility of our stock price between date of appointment and the time of grant, the accounting value of the RSUs determined in accordance with Topic 718 was $562,925. In addition, given limits in our 2021 LTIP regarding the maximum value of compensation that may be paid to our non-employee directors during any fiscal year, Ms. Danesh was not able to receive the full value of the 2025 AGM RSU grant. Accordingly, she received 650 RSUs in October 2025 (having an accounting value calculated in accordance with Topic 718 of $85,417) and received the remaining portion of such grant in early fiscal 2027.

(4) Upon election to our board on October 27, 2025, Mr. Kelleher received an initial award of RSUs with a grant date value of $350,000. This initial grant will vest in equal annual installments over three years from the date of his appointment to the board.

In June 2026, following a review of our peer group's Board compensation practices as prepared by the Committee's independent compensation consultant, Compensia, the following changes were approved to the company's non-employee director compensation program to maintain the desired level of competitiveness with the

peer group, effective for fiscal 2027: 1) the annual cash retainer for board service increased to $80,000; (2) the annual cash retainer for service as lead independent director increased to $36,500; (3) the annual retainer for service as chair of the audit committee increased to $30,000; (4) the annual retainer for service as member of the audit committee increased to $15,000; and (5) the annual equity compensation in the form of RSUs increased to $220,000. The cash compensation changes take effect from the beginning of fiscal 2027, and the annual equity compensation increase will be effective for the grant made immediately following the 2026 AGM.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We describe below transactions and series of similar transactions, since the beginning of our last fiscal year or currently proposed, to which we were a party or will be a party, in which:

- the amounts involved exceeded or will exceed $120,000; and
- any of our directors, nominees for director, executive officers or beneficial holders of more than 5% of any class of our voting securities, or any immediate family member of, or person sharing the household with, any of the forgoing, had or will have a direct or indirect material interest.

Other than as described below, there have not been, nor are there any currently proposed, transactions or series of similar transactions meeting this criteria to which we have been or will be a party other than compensation arrangements, which are described where required under “Executive Compensation.”

Registration Rights

Pursuant to our amended and restated members agreement, certain holders of our voting securities have the right to demand that we file a registration statement or request that their shares be covered by a registration statement that we are otherwise filing.

Director and Officer Indemnification

We have also entered into indemnification agreements with our directors and executive officers under which we have agreed to indemnify each such person and hold them harmless against expenses, judgments, fines and amounts payable under settlement agreements in connection with any threatened, pending or completed action, suit or proceeding to which they have been made a party or in which they became involved by reason of the fact that they are or were our director or officer. Except with respect to expenses to be reimbursed by us in the event that the indemnified person has been successful on the merits or otherwise in defense of the action, suit or proceeding, our obligations under the indemnification agreements are subject to certain customary restrictions and exceptions. The indemnification agreements are governed under Cayman Islands law or New York law.

Other Transactions with Related Persons

A family member of Bill Brennan, our Chief Executive Officer, has been employed as our ESG Manager since September 30, 2025. The compensation of this employee, which exceeds $120,000 annually, was determined in accordance with our compensation policies applicable to other employees of similar title and responsibility, and this employee is also eligible to participate in our benefit plans that are available to other employees in similar positions and locations.

Policies and Procedures for Related Person Transactions

In December 2021, we adopted a written Related Person Transaction Policy, which provides that our executive officers, directors, nominees for election as directors, persons known to us to be beneficial owners of more than 5% of our voting securities and any member of the immediate family of any of the foregoing persons (each a "Related Person"), are not permitted to enter into a related person transaction with us without the consent or ratification of the independent members of our Board or a designated committee thereof consisting solely of independent members (the "RPT Committee"), subject to the exceptions described below. A "Related Person Transaction" means any financial transaction, arrangement or relationship or any series of similar transactions, arrangements or relationships (including indebtedness and guarantees of indebtedness and transactions involving employment and similar relationships) involving the Company in which a Related Person has or will have a direct or indirect material interest, as determined by the Committee.

Subject to certain exceptions, our Secretary and legal department present any new Related Person Transactions, and proposed transactions involving Related Persons, to the independent members of our Board or the RPT Committee, as applicable, at its next occurring regular meeting. In approving or rejecting any such proposal, the RPT Committee is to consider the relevant facts and circumstances, including the commercial reasonableness of the transaction's terms, the benefit and perceived benefit, or lack thereof, to the Company, the opportunity costs of alternative transactions, the materiality and character of the Related Person's interest and the Related Person's actual or apparent conflict of interest. Certain transactions do not require approval, including certain compensation arrangements of executive officers and directors, transactions involving the purchase or sale of products or services in the ordinary course of business not exceeding $120,000, transactions in which the Related Person's interest derives solely from their service as a director of another corporation that is party to the transaction, transactions in which the Related Person's interest derives solely from their ownership of less than 10% of the equity interest in another person which is a party to the transaction, and transactions where a Related Person's interest arises solely from the ownership of our equity securities and all holders of that class of our equity securities received the same benefit on a pro rata basis.

All related party transactions that were entered into since the adoption of this policy were reviewed and approved pursuant to this policy. Certain other related party transactions described in this section occurred prior to adoption of this policy and prior to our initial public offering, and as such, these transactions were not subject to the approval and review procedures set forth in the policy; however, these transactions were reviewed and approved by independent members of our Board.

Future Shareholder Proposals and Nominations for the 2027 Annual General Meeting

Proposals for Inclusion in Proxy Statement Pursuant to Rule 14a-8

We expect to hold our 2027 Annual General Meeting (the "2027 Annual Meeting") on or about October 12, 2027. Under Rule 14a-8 of the Exchange Act, for a shareholder proposal to be considered for inclusion in the proxy statement for the 2027 Annual Meeting, we must have received the written proposal by such shareholder at the mailing address of our business offices set forth below by no later than the close of business (6:00 p.m. Pacific Time) on April 27, 2027. Such proposals must comply with the other provisions of Rule 14a-8 and additional applicable SEC rules regarding the inclusion of shareholder proposals in company-sponsored proxy materials.

Proposals Submitted Outside the Process of Rule 14a-8

A shareholder proposal not included in our proxy statement for the 2027 Annual Meeting will be ineligible for presentation at the 2027 Annual Meeting unless the shareholder gives timely notice of the proposal accompanied by certain information in accordance with our Articles as detailed below.

Non-Nomination Proposals

For matters other than the nomination for election of directors, timely notice must be delivered to, or mailed and received at, the principal executive officers of the Company not less than 90 nor more than 120 days prior to the one-year anniversary of the date of our 2026 Annual General Meeting, which anniversary date is October 12, 2027. To comply with our Articles, a shareholder must therefore provide appropriate notice to us no earlier than June 14, 2027 and no later than close of business (6:00 pm Pacific Time) on July 14, 2027. If, however, the 2027 Annual Meeting occurs more than 30 days earlier or later than the one-year anniversary of the 2026 Annual General Meeting, then our directors shall determine a date a reasonable period prior to the 2027 Annual Meeting by which a shareholder's notice must be delivered. This date will be publicized in a filing pursuant to the Exchange Act or via press release and shall occur at least 10 days prior to the date set by the Board.

The notice must contain (i) a brief description of the business desired to be brought before the 2027 Annual Meeting and the reasons for conducting such business at the 2027 Annual Meeting, (ii) the name and address of the shareholder, (iii) the class or series and number of shares of record the shareholder holds, (iv) whether and the extent to which hedging has been entered into by or on behalf of such shareholder and a description of any other agreement that affects the voting power of such shareholder, (v) any material interest the shareholder may have in the business proposed and (vi) whether such shareholder will deliver a proxy to at least the percentage of the Company's voting shares required to carry the proposal.

Director Nominations

For nominations for election of directors, timely notice must be delivered to, or mailed and received at, the principal executive offices of the Company not less than 90 nor more than 120 days prior to the 2027 Annual Meeting; provided, however, that if less than 130 days' notice or prior public disclosure of the date of the 2027 Annual Meeting is given to shareholders, notice by the shareholder must be so received not later than the close of business on the tenth day following the earlier of the day on which such notice of the date of the 2027 Annual Meeting was mailed or such public disclosure was made.

The notice must contain: (i) for each shareholder (a) the information required for non-nomination proposals and (b) any other information required to be disclosed pursuant to the Nasdaq and SEC; and (ii) for each nominee (a) the information required for non-nomination proposals, (b) their business and residential address, (c) their principal occupation, (d) all information relating to the nominee that is required to be disclosed in solicitations of proxies pursuant to Regulation 14A under the Exchange Act, (e) a description of all direct and indirect compensation and any other material relationships between or among the shareholder and the nominee, and (f) a written consent of the proposed nominee(s) to being named as nominee and to serve as director if nominated.

In addition to the notice and information requirements contained in our Articles, to comply with the universal proxy rules, shareholders who, in connection with the 2027 Annual Meeting, intend to solicit proxies in support of director nominees other than our nominees, must provide notice that sets forth the information required by Rule 14a-19 no later than August 13, 2027.

We will not entertain any proposals or nominations at the 2027 Annual Meeting that do not meet the requirements set forth in Rule 14a-8 or our Articles, as applicable. We encourage shareholders to seek advice from knowledgeable counsel before submitting a proposal or a nomination. All shareholder proposals or nominations pursuant to this section may be sent to our principal executive offices at: Chief Legal Officer and Secretary, Credo Semiconductor Inc., 110 Rio Robles, San Jose, California 95134.

Householding — Shareholders Sharing the Same Last Name and Address

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called “householding.” Under this procedure, multiple shareholders who reside at the same address may receive a single copy of our Notice or other proxy materials, unless the affected shareholder has provided contrary instructions. This procedure reduces printing costs and postage fees and also helps protect the environment.

We expect that a number of brokers with account holders who are our shareholders will be “householding” our proxy materials. A single Notice and, if applicable, a single set of other proxy materials will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent.

Upon written or oral request, we will promptly deliver a separate copy of the Notice and, if applicable, other proxy materials to any shareholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Notice and, if applicable, other proxy materials, you may write or email our Investor Relations department at 110 Rio Robles, San Jose, California, 95134, email: ir@credosemi.com, or call our Transfer Agent at 1-866-641-4276.

Any shareholders who share the same address and currently receive multiple copies of our Notice or other proxy materials who wish to receive only one copy in the future can contact their bank, broker or other holder of record to request information about householding.

DELINQUENT SECTION 16(A) REPORTS

Section 16(a) of the Exchange Act requires the Company’s directors and executive officers, and persons who own more than ten percent of a registered class of the Company’s equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of ordinary shares and other equity securities of the

Company. Officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended May 2, 2026, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with, except for the following: one Form 4 for each of Daniel Fleming, Bill Brennan and Job Lam for reporting shares being withheld by the Company to satisfy tax withholding obligations in connection with the vesting and settlement of RSUs on June 10, 2026 and filed on June 15, 2026 and one Form 4 for Daniel Fleming for transactions made pursuant to a Rule 10b5-1 trading plan on July 8, 2026 and filed on July 13, 2026.
